

ALI USMAN

DATA SCIENTIST

EXPERTIES

- Communication
- Problem Solving
- Creativity
- Negotiation

WORK EXPERIENCE

As a dedicated software engineering professional, I am actively engaged in honing my skills across various domains, including data analysis, machine learning, deep learning, and natural language processing (NLP), with the ultimate goal of transitioning into the role of a data scientist.

Orchad (Start Up)

NIC - UET TAXILA

(OCT)2023 - (April)2024

During my internship at Orchard Startup, I leveraged drone technology to capture video and images, facilitating the process of detecting, classifying, and quantifying ripe versus unripe, as well as fresh versus rotten oranges, thereby enhancing efficiency and quality control measures.

EDUCATION

University of Engineering and Technology, Taxila

Bachelor of Software Engineering

2021-2025

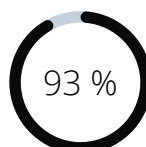

Madina Collage, Samundri, Faisalabad

Intermediate in Non-Madical(FSC)

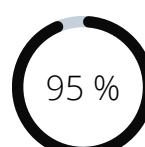

2019-2021

SKILLS SUMMARY

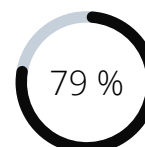

Data
Analyst

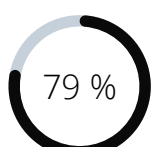

Machine
Learning

Deep
Learning

NLP
